

SE - 2025 Winter [P] Rules
Communication contract between students and teacher

1. Communication with the teacher should be provided mainly via **MS Teams** (in extraordinary situations, via e-mail).
2. Contact between the group and the teacher should occur primarily through the **Project Manager** (PM) of a given project.
3. Due to the limited size of mailboxes, **no files**, reports, and other artifacts should be sent via email. All emails with attachments sent by students will be automatically **deleted without being read**.
4. All materials regarding the given classes should be sent no later than **48** hours before the beginning of the last classes of the given stage. If they are sent later, they will be treated as **non-existent**.
5. Before each class (starting from the second class), the Project Manager (PM) sends the teacher a completed and approved report in the form of a **PDF** file named **"SE 2025 Winter WPR G<group> T<team> W<week>.pdf"**, where:
 - a. the „<week>” placeholder should be replaced with a week number, that is a number from set: [2; 15];
 - b. the „<group>” placeholder should be replaced with a group number, number from the set {1, 2, 3, 4};
 - c. the „<team>” placeholder should be replaced with a group number that is a number from the set {1, 2, 3, 4}.

File name **example**:

"SE 2025 Winter WPR G1 T2 W1.pdf"

6. The Project Manager (PM) sends at least **48** hours before the last classes of a given stage, a completed and approved report on the project stage as a PDF file named **"SE 2025 Winter PR G<group> T<team> S<stage> V<version>.pdf"**, where:
 - a. the „<stage>” placeholder should be replaced with a stage number, that is 1, 2, 3, or 4;
 - b. the „<group>” placeholder should be replaced with a group number, number from the set {1, 2, 3, 4};
 - c. the „<team>” placeholder should be replaced with a group number, that is a number from the set {1, 2, 3, 4};
 - d. the „<version>” placeholder should be replaced with a version of file send to a teacher, that is a number from the set {1, 2, ...}.

File name **example**:

"SE 2025 Winter PR G1 T2 S1 V1.pdf"

7. After the presentation of a given stage, the Project Manager has 5 days to send a revised version of the documentation.

Important note: Files with incorrect names invented by the authors will be automatically deleted and not taken into account in the assessment, which results in awarding 0 points for a given stage.

Attendance

1. Class attendance is obligatory.
2. Three absences throughout the semester, for any reason, automatically fail.
3. Class attendance may be checked at any time of the classes.

SE - 2025 Winter [P] Rules

Delivery of artifacts

1. Project Manager (PM) delivers the teacher with documents:
 - a. Week Project Report (WPR) and
 - b. Project Report (PR)

within strictly adhered to deadlines specified in the communication contract between students and teacher.

2. Failure to:
 - a. meet the **deadline**,
 - b. the **format** of the file sent,
 - c. the method of **communication**,
 - d. files names,automatically results in the receiving of 0 points for a given stage by all persons in a given team.
3. The Project Manager is fully responsible for meeting all conditions described in point 2.

Tasks of Project Manager

1. The tasks of the Project Manager (PM) of each team include:
 - a. Assigning tasks to team members.
 - a. Reception and verification of the completeness and correctness of received materials.
 - b. Timely submission of documents with correct names:
 - i. Week Project Report (WPR),
 - ii. Project Report (PR).
 - c. Informing the teacher about any problems related to the implementation of the assigned tasks.
 - d. Contact with the teacher on behalf of the team.

Organization of classes

1. The class group is divided into teams of 4-6 people. If the class group does not divide into teams up to 24 hours before the second class, the teacher will assign students to teams.
2. The teacher evaluates the received artifacts at the end of semester and assigns from 0 to 10 points for it. Each team member receives this number of points.
3. During the classes, the results of work related to the topic of these classes are presented/consulted.
4. At the end of each stage, the teacher selects the person or persons presenting the results of the work.
5. Each team member is obliged to know all the artifacts delivered at the end of the stage, as if he had made them himself.
6. If the presentation of a given student is carried out incorrectly, i.e. student does not understand the presented materials or misinterprets them, the teacher may, with respect to their sense, assign the presenter less points for a given stage than the delivered materials were assessed.
7. Schedule of classes with the division into delivered artifacts for individual classes:

SE - 2025 Winter [P] Rules

Stage	Class number	Artifacts
1	2	List of team members (First page) Project title (First page) Project (business) goals (1.1) Identification of project's external Stakeholders (1.2) Domain description (1.3) Project schedule - Gantt chart (1.4)
	3	Identification of existing or alternative solutions (1.5) Project context (1.6) Technologies used in the project (1.7)
	4	Presentation of S1 stage
2	5	Functional Requirements Specification (2.1) Non-Functional Requirements (2.2) Use Case Diagram (2.3)
	6	Presentation of S2 stage
3	7	Logical Software Architecture (3.1) Business Logic Model (3.2)
	8	Database Model (3.3) User Interface Design (3.4)
	9	Presentation of S3 stage
4	10 - 13	Implementation (4.1)
	14	Tests (4.2)
	15	Presentation of S4 stage

Final grades

- Each student receives points for the project results provided by his team. These points may be reduced in case of incorrect presentation of the results at the end of the stage.
- Each team's Project Manager (PM) may receive additional or negative percentage points in the range [-20%; 20%] for the performance of their tasks. In particularly egregious cases, the teacher may award the project manager 0 points.
- Each stage has a certain weight, and the final grade will be calculated as a weighted sum with the following weights:

Stage	Percentage points (weight)
S1	15%
S2	25%
S3	40%
S4	20%

- The evaluation of the project will be issued according to the table below:

Percentage points (P)	Grade
$0\% \leq p < 50\%$	2.0
$50\% \leq p < 60\%$	3.0
$60\% \leq p < 70\%$	3.5
$70\% \leq p < 80\%$	4.0
$80\% \leq p < 90\%$	4.5
$90\% \leq p \leq 100\%$	5.0
